famous Washington Artillery.
In 1868 he came to New York. He has been
a member of the Cotton Exchange and a
merchant.
Three of the four new Police Justices held
other offices under Mayor Grant, and with
the appointment of their successors Mayor
Gilroy will have filled more places at one
time than any other Mayor in a decade.

JOHN J. SCANNELL.
Charles E. Scannell, the fourth of the four,

pointed Water Purveyor.

After leaving the public schools he learned
the printing trade. Afterward he became a
coal dealer. Three years ago he was ap-
pointed Water Purveyor.

Since 1868 he has held office almost con-
tinuously. In that year he became Deputy
County Clerk, in 1869 Judge of the Fifth
Civil District Court, Senator in 1881, Dock
Commissioner in 1885 and later President of
that Board. In 1880 Mayor Grant appointed
him Excise Commissioner and reappointed
him in 1892.
John J. Scannell is the Tammany leader of
the Eleventh District. He is fifty years old
and a retired horse dealer. For years it has
been his ambition to become a Fire Commis-
sioner. He was recommended for ap-
pointment to Mayor Grant by Mr. Gilroy,
then Public Works Commissioner, and Mr.
Croker, but Mr. Grant refused to name him.
Henry Winston Gray has never taken an
active part in politics, and is the only one of
today's appointees who is not a member of
Tammany Hall. He is, on the other hand, a
member of the Union, Knickerbocker, Cen-
tury and Wunt Clubs.

He is a New Yorker by birth and was edu-
cated in the public schools and the City Col-
lege. He is not in business at present.

NEW TYPHUS NESTS.

Twelve More Cases and Five
Deaths on To-Day's List.

A Patient Taken from a House on
West Nineteenth Street.

Action of the Board of Health at
This Afternoon's Meeting.

Despite the assurances of Dr. Roberts,
Chief of the Bureau of Contagious Diseases,
that typhus fever is on the decline in this
city, and is a fair way of being stamped
out in a short time, there is an alarming
number of cases added daily to the list of those
who have contracted that disease. To the
ten new cases of typhus and four deaths from
the same disease reported by the Board of
Health yesterday there were added ten more
new cases and one death before 8:30 o'clock
this morning.
Two other deaths were reported before
noon.
Of today's new typhus patients one is a
woman, the first of that sex reported to have
contracted the malady since the present out-
break began.

New Cases Reported To-Day.
KATE ANDERSON, forty-five years old, an inmate
at the Alms House at Blackwell's Island.
JAMES WATTS, thirty-five, in Bellevue Hospital,
from 34 Bayard street.
FRANK PRICE, twenty-seven, in Bellevue Hos-
pital, from 11 Bowery.
JACOB BARNETT, forty-two, Taken to Reception
Hospital from 202 West Nineteenth street.
HENRY AMES, thirty-five, Taken from 34 Bayard
street.
THOMAS DOWD, forty-nine, Taken from 34
Bayard street.
DANIEL V. EARL, forty, discovered by an inspector
at 190 Park Row. Had formerly been at 34 Bayard
street.
JOHN TAYLOR, twenty-three, Taken from 35
Bowery.
HENRY SMITH, twenty-three, Discovered by an
inspector at 101 West 10th street. Had lodged at 34
Bayard street.
JOHN W. HENRY, a newsboy. Removed this forenoon
from the Newsboys' Lodging House, on
New Chambers street, to Chambers Street
Hospital.
JOHN MAYER, forty-six, of 12 Varick place, re-
moved to North Brother Island from St. Vincent's
Hospital. It is not known where he contracted
the disease.
The Board Reported To-Day.
JOHN SELBY, thirty-three years old, who was
taken to North Brother Island Dec. 31, suffering
with typhus, died there this morning. He had
lived at 34 Bayard street before his removal to
hospital.
HENRY GRAY, forty-two, who was taken from 34
Bayard street. Death reported from North
Brother Island at 11 A. M. to-day.
HENRY KERNEL, twenty, who was removed to
North Brother Island from St. Vincent's Hos-
pital, Monday. His death was reported at 11 A. M. to-
day.
DAVID BRENNAN, forty-five, Taken from Bel-
levue Hospital, 2, having been a lodger at 34
Bayard street. He died at Riverside Hospital at
11:30 to-day.
KATE ANDERSON, forty-five, Removed from
Blackwell's Island to Riverside Hospital. Her
case was reported this morning among the new
patients.

The most puzzling case to-day was that of
Jerome Badgley. He had been living in the
tenement-house at 262 West Nineteenth
street for a long time, and as far as could be
learned, had not come in contact with any
body known to have been exposed to typhus.
The work being done by the Board of
Health to check the progress of the plague is
being pushed vigorously. Dr. Roberts,
Chief of the Bureau of Contagious Dis-
eases, 300 Mulberry street, and, after only
a few hours of sleep, returned to his work at
7:30 o'clock.

There is considerable hurry at the Health
Board's offices concerning the new place
where typhus has shown itself, and fears are
entertained that at least one of the ten-
ements at 202 West Nineteenth street,
where the plague first broke out, may be a
fresh center of contagion from an undis-
covered source.

The other new cases reported from 30
Bowery and 101 West 10th street are accounted
for on the supposition that the patients had
mingled with some of the lodgers of 34
Bayard street before the latter place was
quarantined.

A Case in the Newsboys' Lodging-House.
John W. Henry, a newsboy, who has for
some time past been an inmate of the News-
boys' Lodging-House, at No. 35 Duane
street, was removed from Chambers Street
Hospital today suffering with typhus fever.
The boy went to the hospital last night and
asked for treatment. He complained of a
severe cold and headache. Upon examina-
tion today it was found that he had typhus.
Henry is sixteen years old, and colored.
His is the first case of contagious disease of a
serious character that has ever occurred at
this institution since its opening several
years ago. This home, the name of which
was recently changed to the Grace Memorial
Home, has sheltered many thousand homeless
lads.

Every possible precaution will be taken to
prevent the spread of infection among the
boys. It was stated that the boy had not
lived there since Dec. 10.
It was learned later that Henry had slept
some nights recently in the Garfield House,
at Duane street.

The total number of typhus cases reported
by the Health Board officials since the
present outbreak began is eighty. The deaths
since Dec. 30 foot up eight.

OWNERSHANG OFF

Poor Card and Small Fields
the Feature at Gutter-
burg To-Day.

A RESULT OF BIDDING UP.

Craftsman, Krikina, Play or Play
and Brier Colt Won the
First Four Races.

ATTENDING RACE TRACK, Jan. 4.—The pro-
gramme at Gutterburg to-day was not cal-
culated to arouse the enthusiasm of the race-
goers.
It was one of the poorest of the meeting,
and there was not a really good race on the
card.
This is not the fault of Secretary White-
head; owners appear to be indifferent and
wonder to keep their horses in the stable until
the bidding up crusade which Cleary and
others have commenced has ended.
They are afraid to win for fear they will be
bid up, and they dare not pull their horses
under the sharp eyes of the judges, therefore
they prefer to keep their prancing thorough-
breds in the stable.
This is a serious case of affairs, and it may
result in the association taking stringent
measures with the horsemen.
The weather to-day was very cold and the
jockeys rode with hands and ears muffled up
warmly.
The track was as hard as iron and fast.
The opening event was a maiden affair and
as usual there was a runaway.
Lucky Washington pulled the bit be-
hind his teeth and went two miles before he
could be stopped. He was then with-
drawn.
Brier Colt handled the flag.
Craftsman opened up favorite, went back
to 5 to 1 and was then played down from light
measures with the horsemen.

TALK OF THE TURF.

Dame Rumor Asserts that
William J. Thompson
Will Open Clifton.

TOM FLYNN MAY USE A GAVEL.

Flattery Returns to Gloucester—
Red Banner Belongs
to Croker.

There is a chance that the Clifton track
will be reopened in a short time for business.
Dame Rumor asserts that there is very good
authority for believing that William J.
Thompson, proprietor of the Gloucester
track, has leased the Clifton property for the
purpose of conducting a race meeting there
while his own track near Philadelphia is be-
ing enlarged. Of course the Gloucester author-
ities will have to be pacified, but as Thomp-
son has had considerable experience in this
line of business, he will no doubt succeed in
convincing the powers that be that racing as
conducted by the "King of Gloucester" will be
a pure and innocent pastime. Rumor says
that such pacification has already been ef-
fected, and it is a fact that the Clifton course
is being put in condition and the building
is being thoroughly renovated and repaired.
It is Thompson's ambition to have a mile
track at Gloucester, so that he may cater to
the best people in Philadelphia by giving
first-class racing. It is said that new grand
stands and other structures will be erected
and the track will be the best that can be
constructed. Whether or no the Hudson
County Association will consent to give up
three days a week to Thompson, it he races
at Clifton, is a matter of conjecture. A clash
would result disastrously to both interests,
and no doubt some amicable arrangement
will be made.

Starter Tom Flynn, of the South Jersey
track, who was recently elected Assembly-
man, has resigned his position to attend to
his duties in the house. It is said that he is
satisfied for Speaker, and those who know him
say that he will handle the gavel with as
much success as he has done the whip. His
money went on Van S. so persistently that
the Assemblyman has been elected starter by
President Thompson.

Flattery has been taken back to Glouc-
ster, Frank Wier only wanted to beat the
Clifton track with the Gloucester fly, and
his money went on Van S. so persistently that
the Assemblyman has been elected starter by
President Thompson.

It has just come to light that the crack
fly Red Banner, purchased at the J. M.
Brown sale last fall by Mr. E. Dwyer for
\$10,000, has been sold to the late Mr. J. M.
Brown. This fly, with Veranda Belle, the
two-year-old Doublets and Fairy will make
the Clifton stable a formidable factor in the
racing world next season.

A well-informed turfman last evening in-
formed the writer that it was doubtful if
the Clifton track will extend the racing sea-
son in this state at least two months.
This would make the opening day April 13
and the closing May 13.

Fred Lee was plunged on to a tremendous
race in the fifth race yesterday. He
opened at 3 to 1, and before one had time to
turn around his price was 8 to 5. The talent,
however, would have none of Fred Lee, and
their money went on Van S. so persistently
that the Assemblyman has been elected starter
by President Thompson.
